Question 20: View of Focus on Health Care Reform

Which of the following statements comes closer to your view: a) President Obama did the right thing by focusing on passing health care reform his first year in office. Rising health care costs and the uninsured were major problems we could no longer wait to address. b) President Obama did the wrong thing by focusing on passing health care reform his first year in office. He should have worked harder to get the economy going and creating jobs before moving on to other issues.

Question 25: Reform Proposal: Allow a La Carte Plans

Now I would like to ask you about several other proposals some people have made to reform health care. For each of the following, please tell me if you support or oppose that proposal: Allowing people to purchase health insurance on an a la carte basis, so they could buy a cheaper policy that does not cover things they do not need or want.
